

MATH
BOOT
CAMP
August 18-28

*Not happy with your
math score on the
Compass placement test?*

*If you feel like your score does not
reflect your ability or past math-
ematical experience, this boot camp
is for you!*

- » **Work at your own pace** (by yourself or with others) using an online program in a WVC computer lab.
- » There will be a **WVC Math instructor** present at all times to answer questions, give guidance and present short lectures if needed.
- » By the end of the course, you should have acquired the skills you need to **re-take the Compass test and achieve a better placement score.***
